SecureLife Health Shield - Frequently Asked Questions

Synthetic document for the Agentic AI course - not a real insurance product.

1.1 How do I check my coverage amount. Log in to the customer portal or ask the SecureLife assistant. The sum insured, amount already claimed and amount still available are shown for each active policy.

1.2 What happens if my policy lapses. If the renewal premium is not paid within the 30-day grace period, the policy lapses and waiting periods start again on a new policy.

1.3 Can I add my parents to my family floater. Parents can be added only at renewal, after a medical check-up if they are over 55. Senior Citizen plans are recommended for parents.

1.4 How long does claim settlement take. Cashless requests are answered within 2 hours of receiving all documents. Reimbursement claims are settled within 30 days of receiving the complete documents.

1.5 Can I file a claim through the assistant. Yes. The assistant collects the claim details and prepares the claim. A claims officer must approve it before it is submitted.

1.6 Are COVID-19 and dengue covered. Yes. Hospitalisation for COVID-19, dengue, malaria and other infections is covered like any other illness after the initial 30-day waiting period.
